

## VWR® PIPET TIPS

Translucent packaging for  
easy visualization of tips

Built with stability for  
ease of use when multi-  
channel pipetting

Certified free of  
contaminants

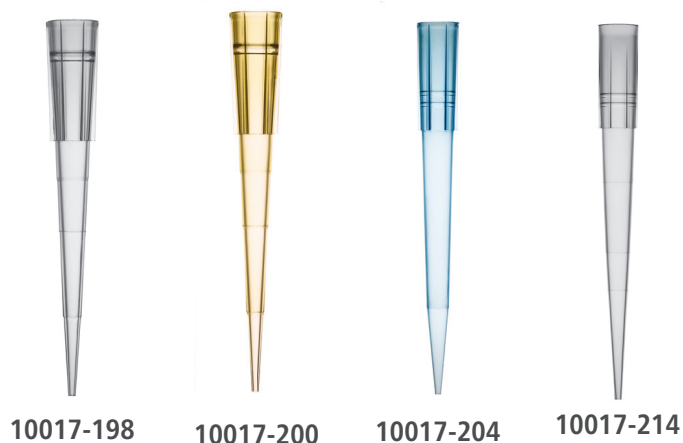

## VWR® Pipet Tips, Standard Line

Conveniently racked in the most widely used style of rack on the market or available in reload and bulk packaging. The 200µL tips are also available in the Rack & Stack style.

### About the rack:

- Translucent packaging for easy visualization of tips
- Built with stability for ease of use when multi-channel pipetting
- Back hinge makes it easy to open and close with one hand
- Certified free of DNA, DNase, RNase, and endotoxins (pyrogens)
- Manufactured under stringent controls in an ISO 9001 certified facility
- Every lot is tested for precision, assuring maximum quality and compatibility
- All raw materials are traceable

## VWR® Low Retention Pipet Tips, Standard Line

These tips are conveniently racked in the most widely used style of rack on the market, or available in reload and bulk packaging options. The 200µL tips are also available in the Rack & Stack style.

The inside surface of low retention tips repel liquids, drastically reducing sample hold-up.

### About the rack:

- Translucent packaging for easy visualization of tips
- Built with stability for ease of use when multi-channel pipetting
- Back hinge makes it easy to open and close with one hand
- Certified free of contaminants for the most sensitive laboratory protocols
